MBI

LCD SECURITY CART

Assembly Instructions

1. Using a Philips screwdriver insert (4) 1/4-20 x 1/2 machine screws to the bottom of the LCD cabinet as shown per fig. 1. Do not tight the screws yet ; leave about 1/8 space between the head of the screw and the cabinet's flange.

2. Install LCD cabinet to drawer cabinet by first lining up the screws, then push back the LCD cabinet until flush with the drawer cabinet. Then tighten screws.

3. Flip lower cabinet upside down and install casters as shows per fig. 3 with (4) 1/4-20 x 1/2 machine screws per caster.

4. Attach wing shelves to top flange of lower cabinet as shown per fig. 4. Make sure wing shelf is centered between the flange's mounting holes.

5. Insert 4 (Thinnerman) fasteners over 4 holes on the drawer's bottom flange as shown per fig. #5.

6. Line-up top assembly from step 2 to bottom cabinet and secure them together with (4) # 10 sheet metal screws from under bottom cabinet.
